

Heavy Duty Commercial Blend Non Acid

**Water Based
Biodegradable**

Safely Cleans and Removes:

- Mineral Deposits
- Water Spots
- Acid Rain
- Silica
- Screen Burn
- Soap Scum
- Oxidation
- Scale
- Lime
- Corrosion
- Rust

A-1 Hardwater Stain Remover's non-acid formula contains a uniquely engineered abrasive that greatly speeds cleaning and restoration of most surfaces, including glass, porcelain, fiberglass, metal, and tile. And with no acids, it's safe to use on and around all natural stones. Saves time on tough jobs, and rinses away easily.

Use on windows, windshields, showers, boats, fiberglass, aluminum, brass, copper, stainless steel and everything washable. Brightens metals and leaves a protective film.
