

Tough and Gentle **HAND CLEANER 38A**

A SUPERIOR HAND CLEANER FOR THE TOUGHEST STAINS **Sealcoat • Asphalt • Tar • Mastic • Adhesives • Crack filler**

Tree pitch • Oils • Pinion grease • Resins • Wax • Rubber • Shoe polish • Oil stains • Paints • Inks • etc.

FEATURES

- Works much better than ordinary hand cleaners
- Almost 100% active ingredients, a superior product
- So effective, you'll use less than with ordinary hand cleaners
- Low odor, smells good
- From the company that makes acclaimed Oil-Flo Safety Solvent Cleaners
- Contains lanolin to keep hands soft
- A fast-acting lotion
- Rinses easily with water
- Kind to hands
- Ground walnut shells for gentle scrubbing
 - no harsh pumice, which also clogs drains

DIRECTIONS

1. Shake bottle
2. Add a small amount of Hand Cleaner 38A to dry hands
3. Rub in until dirt dissolves
4. Add water and rub briskly
5. Rinse with water
6. Dry hands

Hint: If running water is not available, carry a plastic bottle of water with a pull-up top, or a trigger spray bottle of water. Because HAND CLEANER 38A rinses so easily, a portable water source is sufficient.

Available in 16-ounce bottles and gallon jugs (476 mL and 3.8L)

Made in U.S.A • Bulletin 9908.2
